SEAN O CONNOR

UX DESIGNER

ABOUT ME

I am a fastidious worker and team player. Communication is key to all aspects of my work, whether that is liaising with clients or interviewing users.

Building products for people is at the centre of my design thinking.

User Testing (Usability & Preference Testing)

TECHNICAL SKILLS

Adobe XD

InVision

Figma

Javascript

HTML

CSS

EXPERIENCE

UX Design

CareerFoundry | May 2021 - March 2022

Creating user experience designs, for a mobile-first responsive web application, using personas, user flows, wireframing, clickable prototypes and polished mock ups. Conducted user interviews, surveys and usability testing (remote and in-person moderated testing sessions), as well as preference testing.

Supervisor

Zizzi Italian Restaurants | April 2019 - Nov 2021

My responsibilities included opening and closing the restaurant, supervising shifts alone and as part of a team, training new supervisors and Front of House staff.

Waiter/Bartender

The Porterhouse Whitworth | May 2017 - April 2019

I started as a waiter, maintaining cleaning schedules and quality customer service, running food and drinks and closing up on the floor. I was then trained as a bar-tender in 2018.
